Hello

We now have a lot of new Lidar data available for Idaho. Click: https://giscenter.isu.edu/files/Lidar_QuickRefMap.pdf to see the new areas available on our servers.

This includes complete coverage for Latah and Lewis Counties as well as Southern Idaho 2018 collection areas #12, #14, #15, and #18

You can access these now using the Idaho lidar Web Viewer at: <https://isu.maps.arcgis.com/apps/instant/media/index.html?appid=796225ca9c9f4c07a1288225ed1afd30>

Sincerely,
